FIG. 73A is a schematic diagram of a neural network architecture. The diagram shows a series of interconnected layers of nodes. The input layer is labeled 7300 and receives external inputs. The hidden layers are labeled 7301, 7302, and 7303. The output layer is labeled 7304 and produces external outputs. The nodes are represented by rectangles, and the connections are shown as lines. The diagram is divided into three main sections by dashed lines, each containing a sub-network. The sub-networks are labeled 7300, 7301, and 7302. The connections between the sub-networks are shown as lines. The diagram is labeled FIG. 73A.
